

Movement that inspires

*Carnival*

# Welcome to More

When you think of KIA Carnival, you think of more. From the moment you settle behind the wheels, you are welcomed in a world where everything is more than your imagination. More power, more control, more elegance, more space, and more functionality. With KIA Carnival, drive to new frontiers, new possibilities and reimagine your driving experience.

## ELEGANCE THAT SUITS YOUR TASTE

Is it a sculpted, luxurious object of desire? A solid, practical family vehicle?  
A showcase for the latest in simple, yet thorough, driver assistance technology?  
Or a remarkably roomy and relaxing space for up to eleven people?  
The new Kia Carnival is all of these things, and more.

With an infinitely adaptable interior and easy access from every angle, the Carnival puts you in total control. It can take a large group of family or friends as far as the roads can reach, with ample space to accommodate the gear for adventurers, the tools of artisans or furniture to bring home from the store.

## A BRIGHT SPOT IN THE HEART OF THE CITY

Venture in and out of cities in a spacious bubble of calm. Sliding doors make for quick entries and exits, and a puddle lamp shows you where you're stepping after dark. The same technological advances that keep the interior so quiet on the highway also help shut out city noises to create a calming oasis of comfort.

From the futuristic headlamps embedded into the tiger-nose grille to the broad, dramatic stripe of the rear tail lamps, fresh details establish a luxurious new design vernacular among people movers. Sleek body lines serve an aerodynamic purpose, while the expansive windows and dual sunroof complement the cabin's feeling of openness.

**CONTROL IS  
THE NAME OF THE GAME**

Carnival's upscale and sophisticated interior puts the driver in command by enabling quick choices with minimal distraction through the use of steering wheel controls, or by tapping on the intuitive center-console screen.

Specifications may vary according to region.

## SURROUNDED BY SCREENS THAT SAY JUST ENOUGH

Information technology has changed driving forever. But rather than being bombarded by a seemingly infinite amount of data, the Carnival presents everything on a need-to-know basis, filtering out what's not absolutely necessary. The cockpit is designed and engineered to help you focus on the key information while your mind stays on the road and what's around you.

### A. 4.2-inch Supervision Cluster

The supervision cluster helps you stay focused and informed, with data like remaining distance to empty and fuel consumption, navigation cues, and outside temperature.

### B. 8" Infotainment System

View and select audio functions on the 8-inch display. Choose audio sources, tune in to radio stations, and adjust audio quality to taste by using convenient controls mounted on the steering wheel. With wireless phone projection, the display of a compatible phone can be viewed on the center touchscreen.

### C. Smartphone Wireless Charger

Now with up to 15W of electric power, the charging pad in the Wireless Charging Tray bin lets you charge compatible mobile phones wirelessly. The indicator shows orange while charging and turns green when charging is complete.

11 Seats

Full automatic air conditioning with 3-zone control

## INDIVIDUAL COMFORT FOR EVERY SEAT

With firm, welcoming seats, enviable headroom, and tasteful materials, the Carnival comfortably accommodates every individual occupant. From the ways the doors slide to how the seats can be adjusted and moved, the interior is engineered to make the ride a joy for everyone inside.

Integrated memory seats (IMS)

Walk-in device

3-step Heated and ventilated seat

Graceful, sophisticated lines bring a touch of charm to any driveway. Everything about the Carnival is engineered with flexibility in mind. Power sliding rear doors can be activated with the touch of a button and, if your arms are full, the rear hatch automatically closes and locks just by walking away with the remote in your possession.

## VERSATILITY TO HANDLE WHATEVER THE FUTURE BRINGS

It's hard to think of a more accommodating and flexible interior than this. Seating options let you fit up to eleven people, while some or most seats can be removed to make way for cargo. So you have the luxury to choose between accommodating more people or more luggage.

### Smart power sliding doors

### Power tailgate auto-close

### A. Remote one-touch power doors & liftgate

Power sliding rear doors offer easy entry and exit for rear occupants. Along with the power tailgate, all doors can be closed and locked with one smart-key button as you walk away.

11 seats

SEATS  
variation

Smartstream G3.5  
**272** Max. Power  
 ps @ 6,400 rpm  
**33.8** Max. Torque  
 kg-m @ 5,000 rpm

**Dial Type Gear Shift  
(8 Speed AT)**

With 8-speed automatic transmission, enjoy smooth gear changes and feel the cutting-edge driving sensibility through the dial-type electronic transmission.

**Lambda 3.5 V6 MPI Engine**

The new Carnival's powerful engine offers significant fuel savings through improved cooling and reduced friction.

**4 Drive Modes**

The Carnival adapts to the way you want to drive. Push the Drive Mode button beside the shifter to cycle between the fuel-conserving Eco mode, the responsiveness of Normal mode, the exhilaration of Sport mode, or the adaptability of Smart mode, which adjusts according to how your driving style varies over the course of a normal day.

**Paddle Shift Levers**

Access more torque sooner, and choose your own shift points for the 8-speed automatic transmission. You can do it all without taking your hands from the steering wheel thanks to the levers conveniently mounted right at your fingertips.

**LESS VIBRATION, LESS FUEL  
AND ALL THE POWER YOU NEED**

The quieter gasoline engines of the new Carnival offer significant fuel savings through improved cooling and reduced friction. The 8-speed automatic transmission offers smooth gear changes, with more gear ranges to achieve the perfect balance of economy and power.

## WE'VE THOUGHT OF EVERYTHING TO KEEP YOU READY FOR ANYTHING

Building on an ingeniously integrated new platform, the Carnival uses technological advances, some incremental and others substantial, to better protect you in a collision, and to help you avoid situations that can lead to collisions in the first place. In short, it's always on the lookout for the safety of you and your occupants.

### A. 3<sup>rd</sup> generation platform

The new 3<sup>rd</sup> generation platform standardizes the arrangement of steering, chassis, powertrain, and cabin floor, resulting in a more spacious cabin and improved aerodynamics, handling, stability and collision safety performance. The Carnival benefits from advances made across the entire range of Kia vehicles.

### B. Smarter body and chassis materials

New applications of stronger, more formable steel in crucial areas help the body and chassis better disperse collision forces to improve occupant protection. Higher torsional rigidity delivers an impressive level of handling responsiveness and ride smoothness.

### C. Rear View Monitor (RVM)

Rear View Monitor with Parking Guidance gives you a live view of what's behind you. Lines superimposed on the image help you know how much space you have.

### D. Parking Distance Warning (PDW)

For utmost confidence and peace of mind when maneuvering into and out of tight spaces, PDW uses ultrasonic sensors mounted on the front and rear bumpers to warn you of any nearby obstacles.

### E. Airbag system

To help protect occupants and potentially reduce injuries in the event of a collision, seven airbags are offered (driver, driver's knee, front passenger, two front-side, and two side-curtain).

### F. Vehicle Stability Management (VSM)

For enhanced safety, VSM continuously monitors road conditions and automatically controls the steering and brakes when the road gets bumpy.

### G. Hill-Start Assist Control (HAC)

When you're at a standstill on an incline, HAC prevents you from rolling backward by gently applying the brakes for up to two seconds while you move your foot from the brake pedal to the accelerator.

## A COMPANION FOR PICTURESQUE MOMENTS

Travelling with the whole family, and maybe a few friends too is one of those life events that make for lasting memories. The Carnival is hard to beat when it comes to intimate adventures, offering comfortable seating, plenty of space, lots of light, and the connectivity to keep you in touch with the rest of the world.

## SOMETIMES THE BEST DESTINATION IS THE JOURNEY ITSELF

Group travel can be an adventure all in itself. The new Carnival applies decades of technological know-how and advancements to improve the ride for everyone, including those who need help getting in and out, kids with short attention spans, and people who just need a chance to unwind and recharge. In a world of all for one, the Carnival is one for all.

## PERSONALIZATION

Your vehicle is your family's home away from home and your pride and joy. So you decide what needs to be on board. The Carnival offers a wide range of features, from elementary to high-tech, and colors and finishes for a comfortable ride in style, so that you feel at home while exploring the world that awaits you.

## Movement that inspires

At Kia, we believe movement inspires ideas. Great ideas come to you when you're on the move. Whether you're walking, traveling on a train or driving. It's why we create the spaces and the time you need to bring ideas to life. Very like the experience that awaits you behind the wheel of every Kia. With our design, space innovation, purpose driven technology and built in sustainability, we aim to inspire everytime you encounter the Kia brand. Because you never know where your next big idea awaits. But they are out there. Waiting to be discovered. So, what are you waiting for? Get moving. Get inspired.

### About Kia Motor Corporation Limited

Kia Motor Corporation Limited ([www.kia.com](http://www.kia.com)) – a maker of quality vehicles for the young-at-heart – was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. It produces over 3 million vehicles annually through 10 manufacturing and assembly operations located in 5 countries. These are then sold and serviced through a network of distributors and dealers spanning around 180 countries. Kia currently employs around 50,000 people worldwide and has annual revenues exceeding US\$44 billion. It is the major sponsor of the Australian Open and serves FIFA, the governing body of the FIFA World Cup™ as official automotive partner. Lucky Motors Corporation's brand slogan – "The Power to Surprise" – represents the company's global commitment to surprise the world by providing exciting and inspiring experiences that go beyond expectations.
